## Original 1930-tals stuga

Original 1930s cottage in Förby. A find for those who are looking for an unspoiled older house to renovate authentically. A log house with about 90 m<sup>2</sup> floor space + about 10 m<sup>2</sup> cold porch. The plot area is 2900 m<sup>2</sup> and there is another outbuilding with storage and sauna. The outbuilding is in poorer condition. All services of the local archipelago community are within 5 km. The property is located in an unplanned area but borders on areas that have certain requirements for conservation of the environment. The property tax is about 100 euros / year. On the site is the municipality's water main.
